

APPLICATION FOR ADMISSION TO BRIDGES PROGRAM

The Bridges to the Doctorate Program is an NIH funded program that provides a salary for research assistants as well as tuition and fees reimbursement for qualified targeted minority graduate students, as defined by NIH. These students will pursue a M.S./Ph.D. program. The course of study begins at Montclair State University and the student will transition into the Ph.D. in Biomedical Sciences at UMDNJ-Piscataway. If you wish additional information, please contact Dr. Vega.

Name _____

Address _____

Student Identification Number _____

Home phone _____

E-mail address _____

Undergraduate GPA _____

Attach an unofficial transcript and brief c.v. detailing research experience, if any.

Please send to:
